

# SWAY

Experience the gentle SWAY  
of comfort & style

[WWW.AFCINDIA.IN](http://WWW.AFCINDIA.IN)

Experience Unmatched  
Comfort with Sway,  
**Your Perfect Support**

Redefining the Art of Seating with  
Unmatched Comfort, Dynamic Design,  
and Effortless Elegance

**Headrest**

The lumbar pad provides additional back support and can be easily added without tools. It's made from 100% recyclable polypropylene with cushioning for comfort.

**Armrest**

The 3-way adjustable armrest offers a 60mm height range and allows the armpads to move forward, backward, and swivel into 3 positions, ensuring comfortable arm support. Made from 100% recyclable polypropylene.

**Chair Mechanism**

The chair features an auto weight-sensing tilt mechanism, with optional multi-lock or single-lock functions. It includes a seat slide up to 60mm and adjustable height (100mm range), ensuring ergonomic support. It is BIFMA compliant for safety.

**Backrest**

The backrest uses breathable polyester mesh suspension for improved airflow, ensuring thermal comfort. It's made from 100% recyclable fiber-reinforced polyamide material.

**Lumbar Support**

The lumbar pad provides additional back support and can be easily added without tools. It's made from 100% recyclable polypropylene with cushioning for comfort.

**Base**

The standard base is made of Nylon 6 with 30% glass fiber for durability. An optional base of die-cast chrome or 2mm thick ERW steel provides a weight-bearing capacity of up to 800kg.

**Castors**

The twin-wheel nylon castors have a 60mm diameter, with a pin-type attachment that interlocks into the base for easy movement and stability.

**Sit back and relax.  
Enjoy work.**

The various configuration and adaptation possibilities make sway Work a versatile solution that is capable of responding to the greatest range of users postural.

The back of the Sway Work chair draws a curve that creates a feeling of fluidity and movement, embracing the user with a feeling of pure comfort. A pleasant sensory experience that allows the user to concentrate in whichever seat back position they choose.

Sway offers 1D and 3D interchangeable arms to accommodate the user in different situations or when sat at different distances from the desk.
